What will be your *legacy* in mathematics?

You cherish mathematics and have dedicated your life to its pursuit. Extend your dedication with an estate gift to advance research and strengthen the community.

As you create or update your estate plan, consider making a gift to the AMS. Our staff are here to help you achieve your vision for mathematics through a provision in your will, trust, beneficiary designation, or other vehicle.

Your gift to mathematics will support future generations of mathematicians and help advance research.

Join the community of donors who plan to support mathematics for generations to come.

Thank You!
