

Search Committee for the Chief Editor of the Notices

According to a procedure established by the Council of January 2006:

The chief editors of the *Notices* and *Bulletin* shall be appointed by the Council. Recommendations for appointment and reappointment shall be made by a committee consisting of the Executive Director (chair), the Secretary, the President, and two elected members of the Council appointed by the President. For new appointments, the committee should advertise widely to attract applications from the entire mathematical community. The recommendation of the committee along with a written rationale shall be brought to the Council for its approval.
