Other Activities

Miscellaneous Information

By way of background, the AMS is taking a new perspective on its website, regarding it as more like a free-standing publication, not merely a database of information about the Society. There is a Web Advisory Group (WAG), distinct from this rising WEG and composed of AMS staff members, which already has begun dealing with aspects of this shift. The WEG will supplement efforts of the WAG by focusing on the mathematical content displayed and/or housed on the website.

Note to the Chair

Committee chairs should be informed, at the beginning of each fiscal period, of the budget of their committees and cautioned to remain within the budget. Such items as travel reimbursement, accommodations, and meals for guests of any kind fall within these budgets.

Work done by committees on recurring problems may have value as precedent or work done may have historical interest. Because of this, the Council has requested that a central file system be maintained for the Society by the Secretary. Committees are reminded that a copy of every sheet of paper should be deposited (say once a year) in this central file. Confidential material should be noted, so that it can be handled in a confidential manner.
