Thomas L Moore* (mooret@grinnell.edu), Grinnell College, Grinnell, IA 50112. *Statistics: The Curriculum Foundations Workshop*. Preliminary report.

On October 12-15 Grinnell College hosted a CRAFTY workshop on statistics. Twenty-seven statisticians and mathematicians, representing academia, government, business, and industry, discussed the mathematical needs of statistics as well as the place of statistics within the undergraduate mathematical sciences curriculum. The workshop report articulates the recommendations coming from that discussion. This talk will discuss those recommendations. (Received October 03, 2000)
