Elizabeth G. Yanik* (yanikeli@emporia.edu), Dr. Elizabeth Yanik, Dept. of Math and Computer Science, Emporia State University, Emporia, KS 66801. *Funding Sources for Outreach Programs.*

This session will consist of brief presentations by representatives of such agencies as the Tensor Foundation, the National Security Agency, and the National Science Foundation. These talks will describe the type of mathematics outreach programs which have been funded by each agency, the typical amount of funding per project, and the dates for submission. Informal discussions will be continued after this session. (Received September 27, 2000)
