1014-37-1682 **Alica Miller*** (`amiller@erdos.math.louisville.edu`), 328 Natural Sciences Building, Department of Mathematics, University of Louisville, Louisville, KY 40292. *Levitan almost periodicity.* Preliminary report.

We talk about Levitan almost periodic points in compact minimal flows whose acting group contains a connected SK subgroup. (A Hausdorff topological group is SK if the kernel of each of its continuous characters is a syndetic subgroup.) (Received September 28, 2005)
