Omid Ghayour* (ghayour@scu.ac.ir), Department of Mathematics, Shahid Chamran University, Ahvaz, Iran, **Mehrdad Namdari** (namdari@ipm.ir), Department Of Mathematics, Ahvaz, Iran, and **M Motamedi** (motamedi_m@scu.ac.ir), Department of Mathematics, Ahvaz, Iran. *Some result in Lattices.*

It is well-known that every Artinian lattice is Loewy but not necessarily Noetherian. For an Artinian lattice we determine its deviation form being Noetherian in terms of its Loewy length. (Received September 16, 2008)
