1056-42-1207   **Camil Muscalu*** (`camil@math.cornell.edu`), Department of Mathematics, Cornell University, Ithaca, NY 14853. *On an interesting singular integral operator*. Preliminary report.

We shall describe the boundedness properties of a singular integral operator, which is of a different kind than the previously studied ones. (Received September 21, 2009)
