

1067-F1-2251      **Tatiana Shubin\*** ([shubin@math.sjsu.edu](mailto:shubin@math.sjsu.edu)), San Jose State University, Department of Mathematics, San Jose, CA 95192-0103. *Math Circles Library*. Preliminary report.

Success or failure of a math circle depends to a large degree on topics and problems chosen by the leaders. In this talk we will review and discuss a variety of available materials from general problem books and web sites to some special projects such as AMS MSRI Mathematical Circles Library.
