**Akaki Tikaradze\*** ([tikar06@gmail.com](mailto:tikar06@gmail.com)), Department of Mathematics, University of Toledo,  
Toledo, OH 43606. *On generic quantum Hamiltonian reductions*. Preliminary report.

Many important algebras in representation theory can be realized as quantum Hamiltonian reductions. We will discuss a general geometric setting which yields certain ring theoretic properties for corresponding quantum Hamiltonian reductions for generic parameter values. (Received September 08, 2013)
