**Ilya Shapiro\*** ([ishapiro@uwindsor.ca](mailto:ishapiro@uwindsor.ca)), 401 Sunset Avenue, Windsor, Ontario N9B 3P4,  
Canada. *Bitorsors, gerbes, and duality*. Preliminary report.

We discuss a conceptual approach to a certain duality for gerbes on orbifolds, and its variants. We alternate between the languages of Lie groupoids and differentiable stacks. (Received August 26, 2013)
