

1112-16-411 **Eric Jespers*** (efjesper@vub.ac.be), Vrije Universiteit Brussel, Department of Mathematics,
Pleinlaan 2, 1050 Brussel, Belgium. *Group Ring Groups*.

A survey will be given on the status of the project of describing finitely many generators (of a generic type) of a subgroup of finite index in the unit group of the integral group ring $\mathbb{Z}G$ of a finite group G . This program was initiated by Ritter and Sehgal in 1987 and since then a lot of progress has been made. (Received August 10, 2015)
