Steven Rayan* (stever@math.toronto.edu), Department of Mathematics, University of Toronto, 40 St. George Street, Toronto, Ontario M5S 2E4, Canada, and **Jonathan Fisher** (jmfisher@math.toronto.edu), Department of Mathematics, University of Toronto, 40 St. George Street, Toronto, Ontario M5S 2E4, Canada. *Stable Hitchin pairs at genus zero*. Preliminary report.

We will discuss various aspects of the geometry and topology of moduli spaces of Hitchin pairs on the complex projective line. Some of these aspects are in line with moduli spaces of Higgs bundles on curves of genus at least two, while others are unique to genus zero. (Received August 17, 2014)
