Jayadev Siddhanta Athreya* (jathreya@uw.edu), Department of Mathematics, University of Wash, Box 354350, Seattle, WA 98195, and **Gregory Margulis**. *Logarithm laws for unipotent flows*.

We study how unipotent flows on non-compact finite volume homogeneous spaces and moduli spaces of differentials visit the cusp. Some of this is joint work with G. Margulis. (Received January 16, 2016)
