**Thomas A Hulse** (tahulse@colby.edu) and **Naomi Tanabe\***  
(naomi.tanabe@dartmouth.edu). *The Sign of Fourier Coefficients of Hilbert Modular Forms.*

In this talk, we report on some properties of Fourier coefficients of Hilbert modular forms, with a special focus on their sign-change intervals. This is an ongoing joint project with Thomas Hulse. (Received March 21, 2017)
