Guanghai Wang* (ghwang@sdu.edu.cn), Shandananlu 27, Jinan, Shandong 250100, Peoples
Rep of China. *Splitting graphs and digraphs*. Preliminary report.

There are many interesting results in splitting or decomposing graphs under degree constraints. We will consider this problems in edge-colored graphs and digraphs and introduce some problems and results. (Received July 26, 2017)
