1147-58-653 **John Lott\*** (`lott@berkeley.edu`), 970 Evans Hall, Berkeley, CA 94720. *On Ricci-pinched 3-manifolds.*

There is a conjecture that a complete Riemannian 3-manifold with pointwise-pinched nonnegative Ricci curvature must be flat or compact. I will describe progress on this question. (Received January 27, 2019)
