Catherine Pfaff* (c.pfaff@queensu.ca), **Ilya Kapovich**, **Joseph Maher** and **Samuel J. Taylor**. *Typical Trees: An $Out(F_r)$ Excursion*.

Answering questions posed by Bestvina, Handel, and Mosher, we prove which properties are held by random outer automorphisms of free groups and points in the boundary of Culler-Vogtmann outer space. (Received August 14, 2019)
