**Karen Taylor\*** ([karen.taylor@bcc.cuny.edu](mailto:karen.taylor@bcc.cuny.edu)) and **Larry Rolin**. *Hickerson Quadratic Identities*. Preliminary report.

In this talk, we will connect Hickerson's quadratic identities to the incidence of positive definite and indefinite theta functions via examples found in the literature. This is a preliminary report on work in progress with Larry Rolin. (Received September 10, 2019)
