Michael Hartglass*, Department of Mathematics and Computer Scienc, 500 El Camino Real, Santa Clara, CA 95053-0290, and **Brent Nelson**. *Free products of finite dimensional von Neumann algebras.*

In joint work with Brent Nelson, we present the complete classification of free products of finite dimensional von Neumann algebras (equipped with non tracial states) in terms of free Araki-Woods factors. We will also discuss some extensions of our result beyond the finite-dimensional case (Received August 24, 2019)
