**GREGORY P. Wene\***, 7342 Oak Manor Dr, 7109, 7342 Oak Manor Dr., 7109, SAN ANTONIO, TX 78229. *Oziewicz and Calculus*.

While teaching calculus, Zbigniew Oziewicz became convinced that the "traditional" manner in which calculus is in need of some "serious revision". This presentation gives his ideas of a calculus without limits that uses a more algebraic approach. His arguments are centered around the concept of a derivation. (Received August 30, 2021)
