

professor of mathematics from 1865 to his retirement from active service in 1905.

DR. EMORY MCCLINTOCK died July 10 at the age of seventy-six years. Dr. McClintock was the first president of the American Mathematical Society, serving in that office from 1890 to 1894. He graduated from Columbia College in 1859 and was assistant professor of mathematics at Columbia in 1859 and 1860. He was actuary of the Asbury Life Insurance Company from 1867 to 1871, and of the Northwestern Mutual Life Insurance Company from 1871 to 1888, when he became connected with the Mutual Life Insurance Company of New York, of which he was also vice-president from 1905 to his retirement in 1911. He was a frequent contributor to the *American Journal of Mathematics* and other journals, and was one of the founders of the *Transactions* of the American Mathematical Society.

FREDERICK W. FRANKLAND died in New York City on July 24, in the sixty-second year of his age. He was a Fellow of the Institute of Actuaries, and a member of the American Mathematical Society since 1893. He was for several years government examiner in mathematics and insurance in New Zealand, and was author of numerous papers on mathematical, metaphysical, and sociological subjects.

JOSIAH ROYCE, Alvord professor of philosophy at Harvard University, died September 14, 1916, at the age of sixty years.
