- 12:00-12:30 **Math 2025 Reactions:** What does it say to us? What should we do with it? [Lead: David Levermore, former BMSA Chair]
- 12:30-13:00 *Lunch*
- 13:00-14:00 **Session on Joint Workforce/Education Projects:** A Discussion among JPBM societies
- Proposed CBMS Forum focused on Undergraduate Education [Leader: Michael Pearson]. Should JPBM become involved?
 - The two focus areas we are initially suggesting are college readiness/articulation, and the first two years, including strands on (1) general education, (2) math-intensive disciplines, including the major, and (3) teacher preparation. The goal would be to both highlight work that has already occurred or is underway, and to identify potential areas where additional work could be productive, with this last to inform both our community and funding agencies.
 - Workshop to inform DMS training activities – INGenIOuS.
(<http://www.ingeniousmathstat.org/>) Involves ASA, MAA, AMS, SIAM. Others?
- 14:00-14:15 **Coordinating CNSF Exhibits:** Should societies coordinate efforts here?
- 14:15-15:00 **Reports from JPBM Member Societies**
- 15:00-16:00 **JPBM Business Meeting**
- Math Awareness Month 2013 retrospective (AMS)
 - Math Awareness Month 2014 progress report (MAA)
 - Possible themes for Math Awareness Month 2015 (SIAM)
 - 2014 JPBM Communications Award (SIAM)
- 16:00 *Adjourn*
