

## CORRIGENDUM

SEYMOUR HABER, "Stochastic quadrature formulas," *Math. Comp.*, v. 23, 1969, pp. 751-764.

On p. 752, in the footnote, the reference to the notation " $f = \Omega(g)$ " as "Hardy's notation" is incorrect. The notation, as defined in the footnote, has a meaning that is related to but different from that used by Littlewood and Hardy.
