Dear AMS Members and Friends,

Thank you for the many ways in which you support and advance mathematics. This Contributors Report lets me especially thank everyone who made a charitable donation to mathematics through the American Mathematical Society in 2015. Your gifts make many good things happen, for many people, in our vast community.

Over 700 students attended accelerated summer math programs supported by your gifts to the Epsilon Fund for Young Scholars. Thousands of scholars and students throughout the world had access to Mathematical Reviews through your gifts to MathSciNet® for Developing Countries. A great many scholars at the beginning of their careers benefitted from your donations to programs such as travel grants, JMM Child Care Grants, and Mathematics Research Communities. Your gifts to the Area of Greatest Need and to the AMS Endowment, which generates important spendable income, supported the costs of vital programs such as sectional meetings, the JMM employment center, short courses, public lectures, and more. It is difficult to precisely count the number of people who benefit from our donors’ generosity. Even prizes, awards, and fellowships that are given directly to individual mathematicians serve to raise the public profile of the importance of mathematical sciences, something that benefits us all.

Generosity was also expressed through several thoughtful tribute gifts, as well as estate gifts from Richard M. Cohn, Isidore Fleischer, Trevor James McMinn, and Franklin P. Peterson. Their dedication to mathematics will benefit the mathematics community now and for years to come.

The future of the AMS and how it serves mathematics is bright. Thank you for your charitable giving that helps it to be so.

Donald E. McClure
Executive Director

Thomas S. Fiske Society

Members of the Thomas S. Fiske Society uphold the future of mathematics by including the American Mathematical Society in their estate plans. The following Fiske Society members have created a personal legacy in support of the mathematical sciences by naming the AMS in their will, retirement plan, or other gift planning vehicle.

In Tribute

The following friends, colleagues and family members are all being specially honored by a donation in support of mathematics. These gifts are a tangible homage to those who have passed on, or a way to honor people still living. The AMS is pleased to list the commemorated individuals and the 2015 donors who made these gifts possible.

Gifts were made in memory of the following individuals:
Maurice Auslander by Bernice L. Auslander
Salah Baouendi by Linda Press Rothschild
Robert Blattner by M. Susan Montgomery
Sarvadamnan Chowla by James G. Huard
Paul Erdős by John F. Nash Jr.
Ralph Fox by Lee P. Neuwirth

AMS Donors

The people and businesses listed below made gifts to the AMS between January 1–December 31, 2015. On behalf of all those who benefit from this generosity, the AMS extends its thanks to everyone who chose to support mathematics through the AMS during the past year. Donors who have contributed $1,000 or more in one year are further acknowledged on the AMS Donor Wall of Honor at the Society’s Headquarters. We are pleased to recognize each donor in the following listing.
