Announcing the 2020-2021 Fulbright – BSM – Rényi Scholar Grants in Mathematics

The Scholar will be expected to take part in research activities and to contribute to student understanding of the nature and role of research mathematics and the processes by which one trains to become a research mathematician. The Scholar will take part in different kinds of activities of the Budapest Semesters in Mathematics.

The Alfréd Rényi Institute of Mathematics of the Hungarian Academy of Sciences will co-host the Scholar for the academic activity/research, and will provide research services and a vibrant scientific environment.
