Fellows of the AMS

The Fellows of the American Mathematical Society program recognizes members who have made outstanding contributions to the creation, exposition, advancement, communication, and utilization of mathematics.

AMS members may be nominated for this honor during the nomination period, which opened on February 1, 2021, and runs through **March 31, 2021**. Selection of the new class of AMS Fellows is managed by the AMS Selection Committee, composed of twelve members of the AMS who are also Fellows. Those selected are subsequently invited to become Fellows, and the new class of Fellows is publicly announced each year on November 1.

Learn more about the qualifications and the process for submitting a nomination at http://www.ams.org/ams-fellows.

China Exchange Program

Applications are still being accepted on MathPrograms for the China Exchange Program until **March 31, 2021**. The purpose of these grants is to support research travel of mathematical scientists at institutions in the United States or Canada on visits to research colleagues in China and to support research travel of (generally, less senior) mathematical scientists from China to the United States or Canada for visits with US or Canadian research colleagues at US or Canadian institutions. For more information, see http://www.ams.org/china-exchange.

Virtual Mathematical Congress of the Americas (MCA 2021) Grants

With funding from the National Science Foundation (NSF), the AMS is administering the selection, award, and reimbursement process of a grant program to provide support for US-based mathematicians to attend the Mathematical Congress of the Americas. This year, MCA 2021, scheduled for July 19–24, 2021, is being held virtually. Priority will be given to early-career mathematicians whose participation in MCA 2021 is not supported with other funding. Funding will cover the MCA registration fee plus a stipend of up to $250. This stipend is intended to assist in offsetting conference-related expenses that will allow the awardee a more focused meeting participation, which otherwise would not be possible. For more information, see http://www.ams.org/mca. Applications are being accepted now through **April 30, 2021**, on MathPrograms. All information currently available about the MCA 2021 program and organization is located on the MCA 2021 website: www.mca2021.org/en. For questions about the travel grant program, contact the AMS Programs Department at mca-info@ams.org.

Deaths of AMS Members

EDWARD FADELL, of Wisconsin, died on January 1, 2018. Born on March 8, 1926, he was a member of the Society for 67 years.

SUFIAN Y. HUSSEINI, of Salem, Oregon, died on December 30, 2017. Born on October 15, 1929, he was a member of the Society for 63 years.

ELEANOR KILLAM, of Amherst, Massachusetts, died on January 1, 2018. Born on May 18, 1933, she was a member of the Society for 61 years.

JAUNG LIANG, of Ontario, Canada, died on January 8, 2018. Born on January 3, 1940, he was a member of the Society for 34 years.

J. E. NYMANN, of Georgetown, Texas, died on January 1, 2018. Born on November 24, 1938, he was a member of the Society for 53 years.

HANS H. STORRER, of Switzerland, died on December 26, 2017. Born on November 25, 1939, he was a member of the Society for 50 years.

BUCK WARE, of Chico, California, died on January 3, 2018. Born on January 4, 1940, he was a member of the Society for 47 years.
