

How do AMS Graduate Student Chapters support the mathematical community and beyond?

University of Minnesota chapter members

University of Minnesota

Chapter members run a variety of events throughout the academic year, including weekly teas, periodic social events, and a seminar series. Past events have included Pi Day pie and trivia competitions and the Unary Day, featuring Guest Speaker Max Engelstein, Assistant Professor.

Utah State University

The Utah State graduate students invite guest speakers throughout the academic year. One lecture, by Dr. Charles Torre, Professor and Associate Department Head of the Physics Department at Utah State, focused on general relativity and solutions to Einstein's equations.

Utah State University Chapter

Presentation at the Duke University Chapter

Duke University

This Chapter builds community among students by promoting conversation, collaboration, and friendship across research and institutional milieus. They will host the 9th annual Triangle Area Graduate Mathematics Conference (TAGMaC) in 2023, at which graduate students from Duke, University of North Carolina at Chapel Hill, and North Carolina State University give talks about research-level mathematics.

The Chapter Program makes meaningful contributions to the professional development of graduate students in the mathematical sciences and connects graduate students with AMS offerings.
