ERRATA, VOLUME 14

Page 668, line 2 from bottom should read

\[ \int x f_\phi(x, Z_m) \lambda(dx) = \lim_{n \to \infty} \int_x [H((\psi_m^2)x)/n] \lambda(dx). \]

Page 668, last line: "f(x, Z_m)" should read "\( \int x f_\phi(x, Z_m) \lambda(dx) \)."

Page 669, first line: "f_\phi(x)" should read "f_\phi."

Page 669, Equation (**) should read "h(T) = h(\phi) + f_\phi."

Page 669, Equation (***) should read "f_\phi = \int x h(\psi_2) \lambda(dx)."

Page 669, line 7 should read

\[ f_\phi = \lim_{n \to \infty} \int f_\phi(x, Z_m) \lambda(dx). \]

Page 669, line 8 should be deleted.

I am grateful to N. F. G. Martin for spotting the error that caused the above sequence.
