ADDENDUM TO "PROOF OF A CONJECTURE OF ERDŐS ABOUT
THE LONGEST POLYNOMIAL"

B. D. BOJANOV

It has been called to our attention that a solution to this problem was published
by G. K. Kristiansen in his paper "Some inequalities for algebraic and trigonometric

B. D. Bojanov, Proof of a conjecture of Erdős about the longest polynomial, Proc. Amer. Math. Soc. 84
