

**ERRATUM TO “ON THE IRRATIONALITY  
OF A CERTAIN MULTIVARIATE  $q$  SERIES”**

PETER B. BORWEIN AND PING ZHOU

(Communicated by David E. Rohrlich)

There is a serious error in our paper “On the irrationality of a certain multivariate  $q$  series” published in Proc. Amer. Math. Soc. **131** (2003), 1989–1998. The error is in the proof of part (iv) of Theorem 2.1. Equation (2.15) in Theorem 2.1 is not correct. This is a critical error and voids the proof of the irrationality of the  $q$ -series in the paper.

We would like to thank Kelly Postelmans and Walter Van Assche for uncovering this problem.
