

CORRIGENDUM

Zbigniew Woznicki, *The Sigma-SOR algorithm and the optimal strategy for the utilization of the SOR iterative method*, Math. Comp. **62** (1994), 619–644.

It was kindly pointed out to me that the result (32) in my above article has in fact been given previously by H. Niki, M. Ikeuchi, and H. Sawani, J. Comput. Appl. Math. **8** (1982), 257–266.

My apologies to them for an insufficient literature search!
