

Meeting: 998, Houston, Texas, SS 2A, Special Session on Representations of Algebras

998-16-123 **Thomas Brüstle*** (Thomas.Brustle@Usherbrooke.ca). *On the representation dimension of certain algebras.* Preliminary report.

The aim of this talk is to collect what is presently known about the representation dimension of various classes of algebras. (Received February 19, 2004)
