

Meeting: 998, Houston, Texas, SS 15A, Special Session on Geometric Variational Problems

998-32-216 **Zheng Huang*** (huang@math.ou.edu), Department of Mathematics, University of Oklahoma,
Norman, OK 73019. *Geometric Variational Aspects of Moduli Space of Riemann
Surfaces*. Preliminary report.

We will discuss harmonic maps and the application to the study of geometry of moduli space of Riemann surfaces. (Received February 27, 2004)
