

Meeting: 1000, Albuquerque, New Mexico, SS 14A, Special Session on Braids and Knots

1000-57-75 **Kelly Delp*** (kdelp@math.ucsb.edu). *Almost periodic flows on three-manifolds.*

We discuss a notion of almost periodic flow and study conditions under which a three-manifold admitting an almost periodic flow is a Seifert fibered space. (Received August 15, 2004)
