

Meeting: 1001, Evanston, Illinois, SS 1A, Special Session on Modern Schubert Calculus

1001-14-106 **Izzet Coskun*** (coskun@math.harvard.edu), 1 Oxford St. Science Center 325, Cambridge, MA
02138. *Mondrian tableaux and Littlewood-Richardson rules*. Preliminary report.

In this talk I will discuss new Littlewood-Richardson rules in terms of combinatorial objects called Mondrian tableaux. These rules are obtained using degeneration techniques. (Received August 17, 2004)
