

Meeting: 1002, Pittsburgh, Pennsylvania, SS 10A, Special Session on Trends in Operator Theory and Banach Spaces

1002-47-71 **Barbara D MacCluer*** (bdm3f@virginia.edu), Department of Mathematics, PO Box 400137,
University of Virginia, Charlottesville, VA 22904. *Linear-fractional composition operators.*

We look at several properties of composition operators with linear-fractional symbol on the Hardy spaces of the disk or the ball. (Received August 25, 2004)
