

Meeting: 1004, Bowling Green, Kentucky, SS 8A, Special Session on Topology, Convergence, and Order, in Honor of Darrell Kent

1004-54-230 **Ralph Kopperman*** (rdkcc@cunyvm.cuny.edu), Mathematics Department, The City College of New York, New York, NY 10031. *On a paper not published by D. C. Kent.* Preliminary report.

About 15 years ago, Darrell Kent worked hard to research and disseminate an article on spherical completion. But the speaker, who was his coauthor (in the widest sense of the word) failed to hold up his end. The coauthor offers an apology and attempts to explain his inaction. (Received January 25, 2005)
