Donatella Danielli, Nicola Garofalo and Duy-Minh Nhieu* (dn9@georgetown.edu),
Department of Mathematics, Georgetown University, Washington, DC 20057, and **Scott Pauls**. *A survey on recent progress on the Bernstein problem in the Heisenberg group.*

In this talk, I will give a brief survey of recent progress on the Bernstein Problem in the Heisenberg group by various people. This of course includes some recent results of our own (joined with D. Danielli, N. Garofalo and S. Pauls). (Received September 12, 2006)
