Stephen D. Miller* (miller@math.rutgers.edu), Department of Mathematics, 110 Frelinghuysen Road, Piscataway, NJ 08854, and **Wilfried Schmid**. *Analytic Continuation of Langlands L-functions*.

I will report on some recent new cases of entire Langlands L-functions, which were established through holomorphic pairings of automorphic distributions. (Joint work with Wilfried Schmid) (Received January 23, 2007)
