Steven T Spallone* (sspallon@math.purdue.edu), 108 S River Rd, Apt #157, West Lafayette, IN 47906. *Residues of Intertwining Operators for Classical Groups*.

We follow up on the work in Goldberg and Shahidi's paper, "On the Tempered Spectrum of Quasi-Split Classical Groups", focusing on the mysterious "singular" term. (Received August 06, 2007)
