Charles Frohman* (frohman@math.uiowa.edu), The Department of Mathematics, The University of Iowa, Iowa City, IA 52242. *Link Homology and Network TQFTs*.

We will talk about Link Homology theories from the viewpoint of Network TQFTs as introduced by Natanzon. This should lead to a simplification of the process by which link homology theories are constructed. (Received February 01, 2008)
