**Richard K Guy\*** ([rkg@cpsc.ucalgary.ca](mailto:rkg@cpsc.ucalgary.ca)), Mathematics and Statistics Department, University of Calgary, Calgary, Alberta T2N 1N4, Canada. *Farey Series, Ford Circles & much more.*

A do-it-yourself introduction to a stream that started with Archimedes & Apollonius, passed through Descartes, Steiner and many others, and a tributary of Haros, Farey & Cauchy that combined to form the background of much of the important number theory of the 20th century. (Received August 04, 2008)
