Ghidewon Abay-Asmerom* (Ghidewon@vcu.edu), Department of Mathematics, Virginia Commonwealth University, Richmond, VA 23284-2014. *Imbeddings of Graph Products: a Survey*. Preliminary report.

In this talk we will survey genus imbeddings of graph products. The products we will consider include: the cartesian, composition, tensor, strong tensor, and augmented tensor products. (Received July 25, 2008)
