**Emily B. Dryden\*** ([emily.dryden@bucknell.edu](mailto:emily.dryden@bucknell.edu)), Department of Mathematics, Bucknell University, Lewisburg, PA 17837. *Orbifolds and blowing up*. Preliminary report.

The process of blowing up can be useful when doing analysis on singular spaces. We discuss the role of orbifolds in this framework. (Received March 03, 2009)
