

AMS SHORT COURSES

Dates	Location	Topic
Jan 2018	San Diego, CA	Discrete Differential Geometry (DDG)
Jan 2017	Atlanta, GA	Random Growth Models
Jan 2016	Seattle, WA	Rigorous Numerics in Dynamics
Jan 2015	San Antonio, TX	Finite Frame Theory: A Complete Introduction to Overcompleteness
Jan 2014	Baltimore, MD	Geometry and Topology in Statistical Inference
Jan 2013	San Diego, CA	Random Matrices
Jan 2012	Boston, MA	Random Fields & Random Geometry Computing with Elliptic Curves Using Sage
Jan 2011	New Orleans, LA	Evolutionary Games Dynamics Computational Topology
Jan 2010	San Francisco, CA	Markov Chains and Mixing Times
Jan 2009	Washington, DC	Quantum Computation and Information: Mathematical Challenges
Jan 2008	San Diego, California	Aspects of Knot Theory
Jan 2007	New Orleans, Louisiana	Aspects of Statistical Learning
Jan 2006	San Antonio, Texas	Modeling & Simulation of Biological Networks
Jan 2005	Atlanta, Georgia	The Radon Transform & Applications to Inverse Problems
Jan 2004	Phoenix, Arizona	Trends in Optimization
Jan 2003	Baltimore, Maryland	Public-Key Cryptography
Jan 2002	San Diego, California	Symbolic Dynamics
Jan 2001	New Orleans, Louisiana	Mathematical Biology
Jan 2000	Washington, D.C.	Quantum Computation
Jan 2000	Washington, D.C.	Environmental Mathematics
Jan 1999	San Antonio, Texas	Nonlinear Control
Jan 1998	Baltimore, Maryland	Singular Perturbations
Jan 1997	San Diego, California	Applications of Computational Algebraic Geometry
Jan 1997	San Diego, California	Mathematical Finance
Jan 1996	Orlando, Florida	Artificial Intelligence
Jan 1995	San Francisco, California	Knots and Physics
Jan 1995	San Francisco, California	Coding Theory
Jan 1994	Cincinnati, Ohio	Complex Dynamics
Jan 1993	San Antonio, Texas	Wavelets and Applications
Jan 1992	Baltimore, Maryland	New, Scientific Applications of Geometry & Topology
Jan 1991	San Francisco, California	Probabilistic Combinatorics
August 1991	Orono, Maine	Number Theory
Jan 1990	Louisville, Kentucky	Math Quest/Robotics
August 1990	Columbus, Ohio	Combinatorial Games
Jan 1989	Phoenix, Arizona	Matrix Theory
August 1989	Boulder, Colorado	Cryptology
Jan 1988	Atlanta, Georgia	Comput. Coml Theory
August 1988	Providence, Rhode Island	Chaos and Fractals
Jan 1987	San Antonio, Texas	Moments in Mathematics

August 1987	No short course	No short course
Jan 1986	New Orleans	Approximation Theory
August 1986	No summer meeting	No summer meeting
Jan 1985	Anaheim, California	Fair Allocation
August 1985	Laramie	Actuarial Mathematics
Jan 1984	Louisville, Kentucky	Information Processing
August 1984	Eugene, Oregon	Environment & Natural Resource Math
Jan 1983	Denver, Colorado	Computer Communications
August 1983	Albany, New York	Population Biology
Jan 1982	Cincinnati, Ohio	Computed Tomography
August 1982	Toronto	Statistical Data Analysis
Jan 1981	San Francisco, California	Cryptology
August 1981	Pittsburgh, Pennsylvania	Networks
Jan 1980	San Antonio, Texas	Statistics
August 1980	Ann Arbor	Computer Algebra
Jan 1979	Biloxi, Mississippi	Game Theory
August 1979	Duluth	Operations Research
Jan 1978	Atlanta, Georgia	Numerical Analysis
August 1978	Providence, Rhode Island	Systems & Control Theory
Jan 1977	St. Louis, Missouri	Statistics
August 1977	Seattle, Washington	Applied Combinatorics
August 1976	Toronto, Canada	Mathematical Economics
April 1976	New York, New York	Computing
Jan 1976	San Antonio, TX	Energy Production and Distribution
August 1975	Kalamazoo, MI	Applied Combinatorics
Jan 1975	Washington, DC	Operations Research
Jan 1974	San Francisco, CA	Computing
August 1973	Missoula, MT	Computing
