MEMBERSHIP CATEGORIES & RATES

**REGULAR MEMBER** The following rates are available:

**Student Rate**  Graduate  Undergraduate US\$52  
 Verification of full-time student status required by completing this statement and signing this application: I am a full-time student, currently working toward a degree at: \_\_\_\_\_

**Unemployed Rate** Choose rate that fits your current budget:

- US\$0  US\$20  US\$52

I am currently unemployed and actively seeking employment. Annual verification of unemployed status required by signing this application.

**Introductory Rate\*** US\$78

Applies per year to the first five consecutive years of regular membership. Eligibility begins with the first year of membership in any category other than Student or Affiliate.

**Regular Rate\***

Applies after the first five consecutive years of regular membership.

- US\$156 For those whose annual professional income is below \$90,000.  
 US\$208 For those whose annual professional income is \$90,000 or more.

**Retired Rate\*** US\$78

Applies after a member has retired from the profession.

**Joint Family Rate\***

Applies when one member pays regular dues based on his/her income; the other pays regular dues based on his/her income, less \$20. (Only the member paying full dues will receive the *Notices* and the *Bulletin* as a privilege of membership, but both members will be accorded all other privileges of membership.)

- US\$136 For those whose annual professional income is below \$90,000.  
 US\$188 For those whose annual professional income is \$90,000 or more.

**Life Rate**

A one-time payment for lifetime membership determined by age as of January 1 of the membership year.

- US\$1,040 Life membership age 60 or above.  
 US\$2,080 Life membership age 50 to 59.  
 US\$3,120 Life membership age 40 to 49.

**Reciprocity Rate\***

Applies to a member who belongs to one of the foreign societies with which the AMS has established a reciprocity agreement. Eligible societies are listed on the back of this form or at [ams.org/mem-reciprocity](http://ams.org/mem-reciprocity). Reciprocity society:

- For those outside the US US\$104.  
 Domestic with annual professional income below \$90,000 US\$156.  
 Domestic with annual professional income \$90,000 or more US\$208.

**CONTRIBUTING MEMBER\*** US\$312

Minimum dues are \$312. The portion (\$104) which exceeds the higher regular dues level may be treated as a charitable contribution.

**AFFILIATE MEMBER** US\$20

Affiliate members have electronic access to member publications.

**\*Multiyear Membership**

Apply my membership for  2 Years  3 Years  4 Years  5 Years

*Members are invited to purchase multiyear membership by prepaying their current dues rate for two, three, four, or five years. This option is not available for Unemployed, Student, or Affiliate members. Multiyear payment applies only to the membership dues, not to the journal subscriptions.*

**TOTAL DUE** US\$ \_\_\_\_\_ Please subtract the total amount of AMS points (maximum 20) US\$ \_\_\_\_\_ My enclosed payment is US\$ \_\_\_\_\_

**PAYMENT METHOD** Prices quoted in US dollars. Payment by check must be drawn on a US bank.

Pay by check, money order, UNESCO coupons. Mail to: American Mathematical Society, P.O. Box 845904, Boston, MA 02284-5904 USA

Wire transfers must be sent to: Citizens Bank, 1 Citizens Drive, Riverside, RI 02915-4996. Bank USA, Bank ABA, Swift code, and account numbers or other inquiries and notifications about wire transfers should be directed to Sales and Member Services at: [macs-com@ams.org](mailto:macs-com@ams.org).

Automated Clearing House (ACH): Inquiries, authorization requests, and notifications should be sent to: [ach-admin@ams.org](mailto:ach-admin@ams.org).

**APPLICATION SIGNATURE** \_\_\_\_\_

Signature required to validate statements made on application. Application will not be processed without signature.

## Fields of Interest

Use this list to include your fields of interest on the application. The AMS will keep you informed of new publications or special sales in those fields.

00 General	34 Ordinary differential equations	65 Numerical analysis
01 History and biography	35 Partial differential equations	68 Computer science
03 Mathematical logic and foundations	37 Dynamical systems and ergodic theory	70 Mechanics of particles and systems
05 Combinatorics	39 Difference and functional equations	74 Mechanics of deformable solids
06 Order, lattices, ordered algebraic structures	40 Sequences, series, summability	76 Fluid mechanics
08 General algebraic systems	41 Approximations and expansions	78 Optics, electromagnetic theory
11 Number theory	42 Fourier analysis	80 Classical thermodynamics, heat transfer
12 Field theory and polynomials	43 Abstract harmonic analysis	81 Quantum theory
13 Commutative rings and algebras	44 Integral transforms, operational calculus	82 Statistical mechanics, structure of matter
14 Algebraic geometry	45 Integral equations	83 Relativity and gravitational theory
15 Linear and multilinear algebra; matrix theory	46 Functional analysis	85 Astronomy and astrophysics
