

# AMS Student Chapters

An AMS Student Chapter is designed to generate interest in the mathematical sciences and encourage students in their mathematical pursuits by providing them with new opportunities and experiences.

1

Create a petition that includes the following:

- Sponsoring University
- Faculty advisor for the chapter
- At least 5 students who will be chapter members
- Student Chapter Officers
- Rules of procedure
- An annual budget for the first year

2

Submit the signed petition to the AMS for approval

3

Receive welcome letter after AMS approval

4

Complete request for annual AMS funding

[www.ams.org/studentchapters](http://www.ams.org/studentchapters)

5

Share your events with other chapters through the Student Chapters webpage
