Acknowledgment of Contributions

AMS Mission

The AMS, founded in 1888 to further the interests of mathematical research and scholarship, serves the national and international community through its publications, meetings, advocacy, and other programs, which

- promote mathematical research, its communication and uses,
- encourage and promote the transmission of mathematical understanding and skills,
- support mathematical education at all levels,
- advance the status of the profession of mathematics, encouraging and facilitating full participation of all individuals,
- foster an awareness and appreciation of mathematics and its connections to other disciplines and everyday life.

Thomas S. Fiske Society

The Executive Committee and Board of Trustees have established the Thomas S. Fiske Society to honor those who have made provisions for the AMS in their estate plans. For further information contact the Development Office at 800-321-4AMS, or development@ams.org.

Annual Gifts to the AMS

The officers and staff of the Society acknowledge with gratitude the following donors whose contributions were received during the past year. The names on the following pages represent donors who contributed during the period April 1, 1999—March 31, 2000.

The names of donors who have given for three years consecutively (1997-1999) are marked with an asterisk. Donors whose contributions total $1,000 or more annually are recognized with their names affixed to a plaque in the lobby of the Society's Providence office.

Memorial and Commemorative Gifts

Memorial and commemorative gifts are a distinctive and thoughtful way to memorialize or honor a colleague, friend, or family member, and to support the Society's work to promote mathematical scholarship and research.
