1999 Median Time. This information is as reported by the editor of the journal.

Observed Waiting Time. The quartiles give a measure of normal dispersion. They do not include extremes which may be misleading. Waiting times are measured in months from receipt of manuscript in **final form** to receipt of the journal in Rhode Island.

The following electronic-only journals are covered by *Mathematical Reviews*. No response was received to requests for information: *ACM J. Experimental Algorithms* (www.jea.acm.org/), *ESAIM Probab. Statist.* (www.emath.fr/Maths/Ps/ps.html), and *Lobachevskii J. Math.* (www.kcn.ru/tat_en/science/ljm/).

NR means no response received.

NA means not available or not applicable.

* Date of receipt of manuscript not given in this journal.

** One week before publication.

*** From date accepted.

† SIAM provided information for both print and electronic products. Information about the print product is reported in this survey.
